

Aston University in association with JMP Consulting presents a One-day Training Course in the School of Engineering & Applied Science on Tuesday 19th September 2006

EFFECTIVE TRANSPORT PLANNING THROUGH JOINT WORK WITH THE HEALTH SECTOR

The integration of transport planning with other disciplines, such as health, is vital if realistic and sustainable initiatives are to be developed. This one day workshop will help transport planners understand the links between health and transport, to explore the potential for joint working, and to look at ideas for effective engagement with NHS colleagues.

- 09.30 – 10.00 Registration
10.00 - 10.15 Introduction and workshop outline
10.15 – 10.50 Identifying the links between transport and health – group exercise and feedback discussion.
10.50 – 11.15 NHS structures, organisation and responsibilities – presentation by leader.
11.15 - 11.30 Coffee
11.30 – 13.00 Effective partnership development with health – presentation, case study and discussion
13.00 – 14.00 LUNCH
14.00 - 14.30 Practical ways of working with the health sector (1) Access to healthcare – group exercise
14.30 – 15.30 Practical ways of working with the health sector (2) Health impact assessment: a tool for assessing transport policies and projects – presentation and group practical exercise (refreshments available during this session)
15.30 – 15.45 Tea
15.45 – 16.00 Summing up. Questions & answers
