

GMCVO Transport Resource Unit

Road Safety Conference

Tuesday 7th November
St Thomas Centre
9:30am to 12:30pm

*Are you and your organisation concerned about road safety?
Do you want the latest information about what's happening to improve road safety?
Do you want to know how to influence road safety initiatives?*

This half day conference focuses on current initiatives in improving road safety. Practical presentations will be made on the conference theme with particular emphasis on what authorities and voluntary sector groups are achieving with respect to these issues.

CASE STUDIES will be a particular feature of the conference with discussion periods to enable strong audience participation and interaction.

Topics:

- Safer Roads
- Road Safety Hazards- identification etc.
- Integrated traffic and transport plans (from a local government perspective);
- Latest initiatives and best practice
- On-street car-parking policies and strategies (commercial versus residential needs)/ Interaction between traffic, parking and pedestrians associated with adjacent land use activity
- Road Safety Public Information/education Strategies and Initiatives
- Off road motorbikes

Speakers include:

- Neighbourhood Road Safety Initiative,
- Greater Manchester Passenger Transport Executive
- Greater Manchester Police,
- Salford Council
- Living Streets

Who will attend:

This conference will be of relevance to voluntary and community sector groups where road safety issues have an impact, including older people organisations, child focused and youth groups, BME groups, transport campaigning groups, pedestrian and cycling groups.
